

LUCAS CAIMI

Full Stack Developer · La Plata, Argentina

me@lucascaimi.com | [linkedin.com/in/lucasdcaimi](https://www.linkedin.com/in/lucasdcaimi) | github.com/btwimlucas

PROFESSIONAL SUMMARY

Full Stack Developer with 1+ year of experience building web applications and REST APIs in product and software factory environments. Experience with React, Node.js, Express, PostgreSQL with Prisma ORM, authentication and software testing. Familiar with AI-assisted development workflows, automation and internal engineering tools. Able to work autonomously from requirements and collaborate with technical teams.

WORK EXPERIENCE

Full Stack Developer | Vajuma LLC

September 2025 – Present · Software Factory

- Developed full-stack web applications (React, Node.js, Express) for internal tools and client projects, integrating a custom AI agents harness to assist and automate different stages of development.
- Designed and implemented a development workflow based on specialized agents, using rules, skills, orchestrators and subagents to automate code generation, review and testing.
- Implemented and integrated REST APIs and JWT authentication, ensuring secure communication between frontend and backend.
- Solved functional requirements autonomously within a Scrum framework, escalating to the Tech Lead only when necessary.

Full Stack Developer | Avalon 9

March 2025 – September 2025 · Intelligent Environmental Monitoring Product

- Developed full-stack web applications for internal tools and features of the environmental monitoring product.
- Implemented interfaces with React and JavaScript, and built REST APIs with Node.js and Express.
- Integrated services and JWT authentication systems according to the company's operational needs.
- Participated in the development of solutions aimed at improving the product's internal processes.

TECHNICAL SKILLS

Frontend: React · JavaScript

Backend: Node.js · Express · REST APIs · JWT

Database: Prisma ORM · PostgreSQL

Tools: Git · Scrum

Other: AI Agentic Development (rules, skills, orchestrators, subagents) · Clean Code · Spec Driven Development

LANGUAGES

Spanish: Native · **English:** B2 Upper Intermediate · EF SET Certified

RECOMMENDATIONS

Marcos Vallejos — Head of IT, Primo

"What I value most about him is his ability to learn: when he encounters something he doesn't know, he researches it and solves it on his own. That curiosity is reflected in his constant growth with React, Node.js and Express. I recommend him without hesitation for any Full Stack Developer role."

Marcos Cardona — Senior Developer, Valtech

"Lucas stood out for his commitment, responsibility and ability to keep learning. He showed initiative to take on new challenges, quickly absorb knowledge and always look for ways to improve. He was a reliable teammate with a great willingness to collaborate."
